

Integrated Industrial Partnership for Sustainable Development

Integrated Industrial Partnership for Sustainable Development

The initiative aims to create joint industrial projects or offtake agreements that achieve integration between the assets, capabilities and expertise possessed by the partnership countries, which provides industrial opportunities that contribute to diversifying the economy and increasing the competitiveness and flexibility of the industrial sector.

How to submit a project proposal for the Integrated Industrial Partnership?

1. Ministry of Industry and Commerce website:
www.moic.gov.bh
2. Choose Industrial Development Sector.
3. Choose Enablers of the Industrial Sector in Bahrain.
4. Click on The Integrated Industrial Partnership for Sustainable Economic Development Initiative.
5. Fill the project proposal form and submit it for review by concerned committees.
